

# Limited Liability Company (LLC) Formation

I can form your Limited Liability Company (LLC) for a **flat fee of \$352** as follows:

\$150 LLC Formation - Name search, Articles of Organization, and Certificate of Organization.

\$102 Filing Fee - State Corporation Commission LLC Formation Fee.

\$100 Annual Registered Agent Service Fee - Annual cost for me to serve as your LLC's Registered Agent (See Registered Agent Services below).

I will need some specific information from you to form your LLC such as the proposed name and principal office address which I will obtain during our initial consultation. The proposed business name must be distinguishable upon the records of the Commission from the names of all active business entities, except general partnerships, and from names that have been designated, registered, or reserved for use by other persons. I will conduct a name search prior to filing for you LLC.

## Registered Agent Services

I charge a **flat fee of \$100 per year** to serve as your registered agent in Virginia. All corporations and limited liability companies registered in Virginia are required to have a Virginia resident agent on record with the Virginia State Corporation Commission. A Registered Agent is an individual that receives "official" mail and deliveries on behalf of a corporation or limited liability company. "Official" mail and deliveries generally means communications from either the Virginia State Corporation Commission or from a Court through service by the county sheriff (of a lawsuit, garnishment for an employee, etc.).

The Virginia Country Lawyer, PLC provides Registered Agent Services for Virginia Limited Liability Companies and foreign companies (companies formed in states other than Virginia) that wish to do business in the Commonwealth of Virginia and need a Virginia registered agent. As your registered agent I receive all correspondence from the State or any individual contacting your company from a legal standpoint and provide initial consultation on that correspondence at no charge (explain what it is and how it affects your LLC from a legal standpoint).
